AMAL K AJI

Aspiring Cybersecurity Specialist & Software Engineer

📍 Kanjirappally, Kerala, India 📞 +91 8848950660 ✉️ amalkunnumpurth@gmail.com

🔗 linkedin.com/in/amal-k-aji

PROFESSIONAL SUMMARY

Proactive Integrated Master of Computer Applications student specializing in network security, cyber defense, generative AI, and cloud infrastructure. Hands-on experience derived from competitive national hackathons, virtual engineering simulations, and developing compliance technology solutions. Demonstrated expertise in Python programming, system architecture, REST API design, and cross-functional team leadership.

CORE COMPETENCIES & TECHNICAL SKILLS

Cybersecurity & Networks
Cyber Defense, Network Security, TCP/IP Suite, Network Administration, IoT Security, Threat Assessment

Programming & Backend
Python, REST API Controllers, Apache Kafka Integration, H2 Database, System Architecture

Cloud & AI Technologies
Microsoft Azure, Microsoft Fabric, Copilot Integration, Generative AI Tools, Web Services (IIS)

Project & Leadership
Project Management, Cross-Functional Leadership, Project Planning, Creative Problem Solving

FEATURED ENGINEERING PROJECT

SENTINEL – Guard App & Compliance Shield
Aug 2026 – Sep 2026

Amal Jyothi College of Engineering

- Engineered an AI-powered, transparent, and tamper-proof consumer protection framework adhering to Legal Metrology (Packaged Commodities) Rules, 2011.
- Designed to mitigate retail fraud by cross-linking inventory and compliance data across supply chains using edge computing and IoT concepts.
- Led project architecture, team planning, network protocol integration, and system documentation.

EDUCATION

Integrated Master of Computer Applications (IMCA)
Aug 2026 – Mar 2031

Amal Jyothi College of Engineering Autonomous, Kanjirappally, Kerala

Specialization: Computer Programming, Network Security, and Application Architecture.

AISSCE - Computer Science (Grade 12)
Jun 2012 – Mar 2026

St Antony's Public School, Anakkallu, Kerala

Focus on foundational Python programming, computational logic, and student leadership activities.

PRACTICAL EXPERIENCE & VIRTUAL INTERNSHIPS

Cyber Job Simulation — Issued Feb 2026
Deloitte Australia (via Forage)

- Executed practical cybersecurity tasks focused on enterprise threat analysis, vulnerability assessment, and strategic incident response.
- Analyzed network event logs and synthesized executive risk reports recommending remediation actions.

Certified Software Engineering Simulation — Issued Feb 2026
Forage

- Configured backend event streaming with Apache Kafka integration and REST API controllers.
- Managed local environment setups, mock H2 database connections, and standardized repository architectures.

CERTIFICATIONS & SPECIALIZED TRAINING

IoT-Network Specialist Programme
Reliance Foundation • Feb 2026

Microsoft Azure Essentials
Microsoft Press / LinkedIn • Sep 2026

End-to-End Analytics in Fabric
Microsoft • Feb 2026

Cybersecurity Professional Assessment
LearnTube.ai • Feb 2026

Copilot in Microsoft Fabric
Microsoft • Feb 2026

What Is Generative AI?
LinkedIn Learning • Sep 2026

HACKATHONS & TECHNICAL HONORS

Smart India Hackathon 2026 (Internal Evaluator) — Sep 2026
Amal Jyothi College of Engineering

Participated in building rapid prototype solutions for real-world governance challenges.

AI Conclave Hackathon Participant — Sep 2026
Amal Jyothi College of Engineering

Collaborated on deploying artificial intelligence models aimed at consumer awareness and protection.

National Quiz & Youth Participation Awards — 2026
Govt. of India (MYGov / Ministry of Youth Affairs)

Participated in Viksit Bharat Young Leaders Dialogue (VBYLD) 2027, MY Bharat Budget Quest 2026, and Pariksha Pe Charcha 2026.

INTERESTS & VOLUNTEER CAUSES

Core Passions: Cyber Ethics, AI Safety, Arts & Culture, Science & Technology Innovation.
